ABOUT ALJABOR TRADING

ABOUT ALJABOR TRADING

Founded in 1957, AlJabor Trading is a Qatari-owned shareholding company representing world-class brands across construction, infrastructure, and lifestyle sectors.

The company provides premium building materials, sanitaryware, construction chemicals, HVAC and water systems, alongside turnkey pool and dewatering solutions, supported by reliability, quality, and long-standing partnerships.

OUR VISION, MISSION & CORE VALUES

VISION

To be the first-choice partner for customers and to consistently exceed their expectations with our exceptional products and services.

MISSION

To strive for constant growth and success, always prioritizing the satisfaction of our customers & our stakeholders.

CORE VALUES

What keeps us grounded: Accountability, Agility, Empathy, Innovation, Integrity and Unity.

WHAT WE OFFER

Premium Product Supply

Providing high-quality products and materials to support residential, commercial, and industrial projects.

World-Class Brands & Partnerships

Representing trusted international brands and building long-term partnerships focused on quality and reliability.

Building & Construction Solutions

Supplying essential products and solutions that support modern construction and infrastructure development.

Technical Systems & Equipment

Offering specialized systems and equipment designed to meet diverse project requirements and performance standards.

Specialized Material Solutions

Delivering a wide range of materials and products tailored to specific construction and architectural applications.

Project-Specific Product Selection

Supporting clients in identifying suitable products based on project specifications, technical requirements, & application needs.

Design & Technical Support

Providing technical guidance and product knowledge to support effective planning, specification, and project coordination.

Installation & Maintenance Services

Supporting selected solutions through installation, commissioning, maintenance, and after-sales assistance.

Turnkey Project Solutions

Delivering integrated and customized solutions for specialized applications, from product supply to project support.

OUR VALUE PROPOSITION

Reliable Product Supply

Providing quality products and materials from trusted manufacturers to support diverse project requirements.

Technical Expertise & Support

Offering product knowledge and technical guidance to help stakeholders identify suitable solutions for their applications.

Trusted Manufacturer Partnerships

Collaborating with established international brands to deliver reliable products and maintain high quality standards.

Product Selection Assistance

Supporting consultants, contractors, and clients in selecting products that align with project specifications and technical requirements.

Project-Focused Solutions

Understanding project needs and offering suitable products and specialized solutions based on application requirements.

After-Sales Support

Providing after-sales assistance and technical support where applicable, depending on the product and service requirements.

PRODUCTS & SERVICES

01 POOL DESIGN & CONSTRUCTION

Bespoke pools, structural works, & premium finishes.

02 MEP SYSTEM & PLUMBING

Pool MEP, plumbing, filtration pumping & water circulation.

03 SPAS & WATER FEATURES

Fountains, jacuzzis, saunas, steam rooms, & spa solutions.

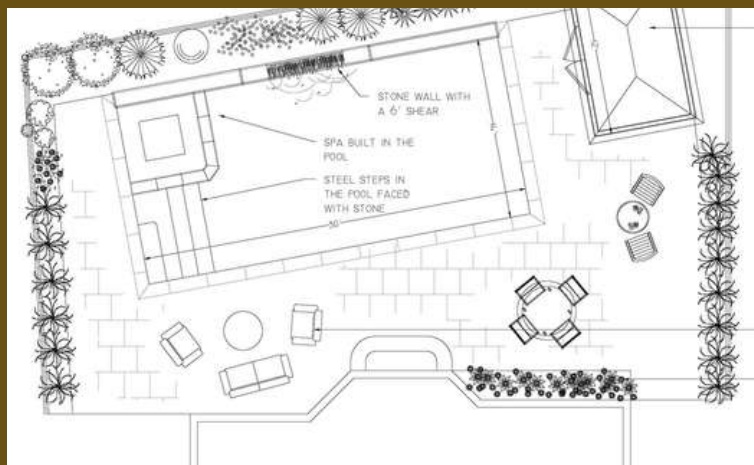

04 EQUIPMENT & ACCESSORIES

equipment, covers, lighting, & maintenance products.

PROJECT DELIVERY

01 CONSULTATION & DESIGN

Project planning & technical design.

02 CONSTRUCTION & INSTALLATION

Execution of pool & system works.

03 HANDING OVER

System testing & operational handover.

04 MAINTENANCE & SUPPORT

Long-term maintenance & technical assistance.

AIR CONDITIONING SOLUTIONS

AlJabor trading's air conditioning solutions division provides advanced HVAC systems for residential & commercial projects.

We supply

air-conditioning and HVAC systems

We provide

application-based solutions

We support

project-specific requirements

We deliver

comfort, efficiency & reliability

OUR PARTNERS & BRANDS

DAIKIN PRODUCT SOLUTIONS

Daikin offers air-conditioning solutions for residential and commercial applications, including wall split, ducted split, rooftop package, VRV systems, and air purifiers.

DAIKIN PRODUCT SOLUTIONS

INVERTER WALL SPLIT UNITS

Efficient cooling solutions for comfortable residential spaces.

DUCTED SPLIT UNITS

Concealed cooling solutions for residential & commercial spaces.

ROOFTOP PACKAGE UNITS

Packaged cooling solutions for commercial applications.

DAIKIN PRODUCT SOLUTIONS

VRV SYSTEM

Variable refrigerant systems for efficient multi-zone cooling.

AIR PURIFIERS

Variable refrigerant systems for efficient multi-zone cooling.

RHEEM PRODUCT SOLUTIONS

Rheem offers a comprehensive range of air-conditioning and HVAC solutions for residential, commercial, and large-scale projects, including VRF, ducted, packaged, fresh-air, & customized air-handling systems.

RHEEM PRODUCT SOLUTIONS

VRF SYSTEMS

Variable Refrigerant Flow systems for multi-zone ac.

WALL-MOUNTED INDOOR UNITS

Wall-mounted units for VRF air-conditioning applications.

DUCTED SPLIT AIR CONDITIONERS

Ducted cooling for residential & commercial use.

CASSETTE INDOOR UNITS

Ceiling-mounted units for commercial & office spaces.

RHEEM PRODUCT SOLUTIONS

FRESH AIR DUCTED SYSTEMS

Ducted solutions for fresh-air supply and ventilation.

CUSTOMIZED FAHU / AHU SYSTEMS

Customized air-handling solutions for projects.

PACKAGED AIR CONDITIONERS

Packaged cooling systems for commercial applications.

CEILING & FLOOR INDOOR UNITS

Flexible indoor units for ceiling & floor-mounted.

HEATING & COOLING SOLUTIONS

AlJabor Trading offers Airfel heating and cooling solutions for residential and commercial applications.

Wifi control

High-ambient cooling

Flexible installation & control

OUR PARTNERS & BRANDS

airfel

AIRFEL PRODUCT SOLUTIONS

WALL-MOUNTED AC'S

Inverter ac solutions for residential applications.

FLOOR-TYPE AIR CONDITIONERS

Floor-mounted cooling and heating solutions.

CASSETTE AIR CONDITIONERS

Ceiling-mounted systems for commercial & indoor areas.

AIRFEL PRODUCT SOLUTIONS

DUCTED AIR CONDITIONERS

Concealed ducted systems for efficient air distribution.

ROOFTOP SYSTEMS

Large-capacity ac's systems for commercial applications.

WI-FI CONTROL

Remote control & comfort settings via mobile app.

WATER SYSTEM SOLUTIONS

AlJabor Trading provides integrated water system solutions through established brands, supporting residential, commercial, and large-scale projects.

Water heating

Pumps & filtration

Pressure vessels

Water tank chillers

OUR PARTNERS & BRANDS

RHEEM PRODUCT SOLUTIONS

WATER HEATERS

Rheem water heaters are designed to provide hot water for residential and commercial applications, with product options covering different capacities, heating technologies, and installation requirements.

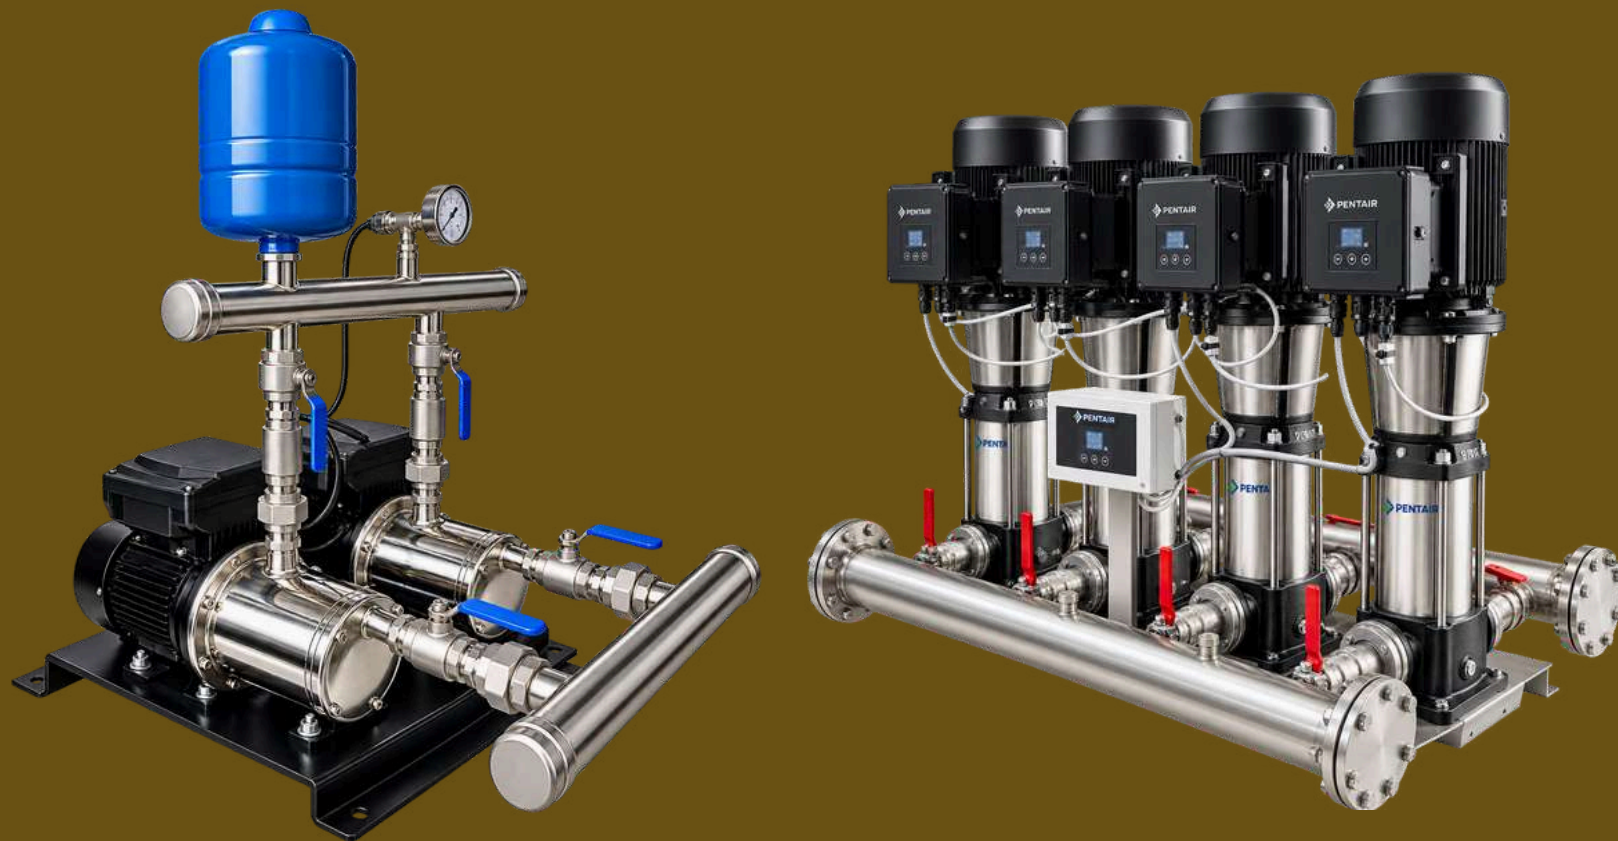

WATER TANK CHILLERS - COIL TYPE

Rheem Water Tank Chiller (Coil Type) is an outdoor cooling machine designed to lower the temperature of rooftop water tanks during hot weather.

PENTAIR PRODUCT SOLUTIONS

PUMP SETS

Pentair pump sets are designed for water movement and pumping applications, supporting reliable water distribution across different systems.

MULTIMEDIA FILTRATION SYSTEMS

Pentair multimedia filtration systems use multiple filtration media to reduce suspended particles and impurities, providing cleaner water for various applications.

HALSTEAD PRODUCT SOLUTIONS

COPPER COIL

Halstead Copper Coil, manufactured by Mueller Middle East, provides high-purity copper coils for HVAC and refrigeration applications in various sizes and configurations.

GRUNDFOS PRODUCT SOLUTIONS

CIRCULATION PUMPS

Grundfos circulation pumps efficiently circulate water in heating, cooling, air-conditioning, and domestic hot-water systems, supporting reliable performance across various building applications.

SCALA SMART PUMPS

Grundfos SCALA smart pumps provide reliable, consistent water pressure with intelligent control that automatically adjusts performance to match water demand.

REFLEX / NEMA PRODUCT SOLUTIONS

PRESSURE VESSELS

Reflex NEMA pressure vessels, part of the Reflex Group, support pressure management and expansion control in water-based systems, helping maintain stable system pressure during operation.

WATTS PRODUCT SOLUTIONS

MEP VALVES

Watts MEP (Mechanical, Electrical, and Plumbing) valves regulate water, air, and fluid flow in commercial and residential building systems.

SANITARY WARE

AlJabor Trading provides sanitaryware and bathroom solutions through established international brands, supporting residential, commercial, hospitality, and specialized projects.

Quality & Durability

Selected items for reliable performance

Hygiene & Comfort

Solutions designed to support cleanliness, usability, and user comfort

Project Flexibility

Product options for residential, commercial & hospitality projects

OUR PARTNERS & BRANDS

PRODUCTS & SERVICES

01 SANITARY FIXTURES

High-quality solutions for functional bathroom spaces.

02 WASHBASINS

Diverse designs for residential & commercial use.

03 TOILETS & BIDETS

Hygienic & water-efficient solutions for comfort.

04 BATHROOM FITTINGS

Durable fittings combining performance & design.

PRODUCTS & SERVICES

05 SHOWERS & BATHTUBS

Modern solutions for comfort & relaxation.

06 BATHROOM ACCESSORIES

Functional accessories for enhanced bathroom spaces.

07 BATHROOM FURNITURE

Practical storage solutions with contemporary designs.

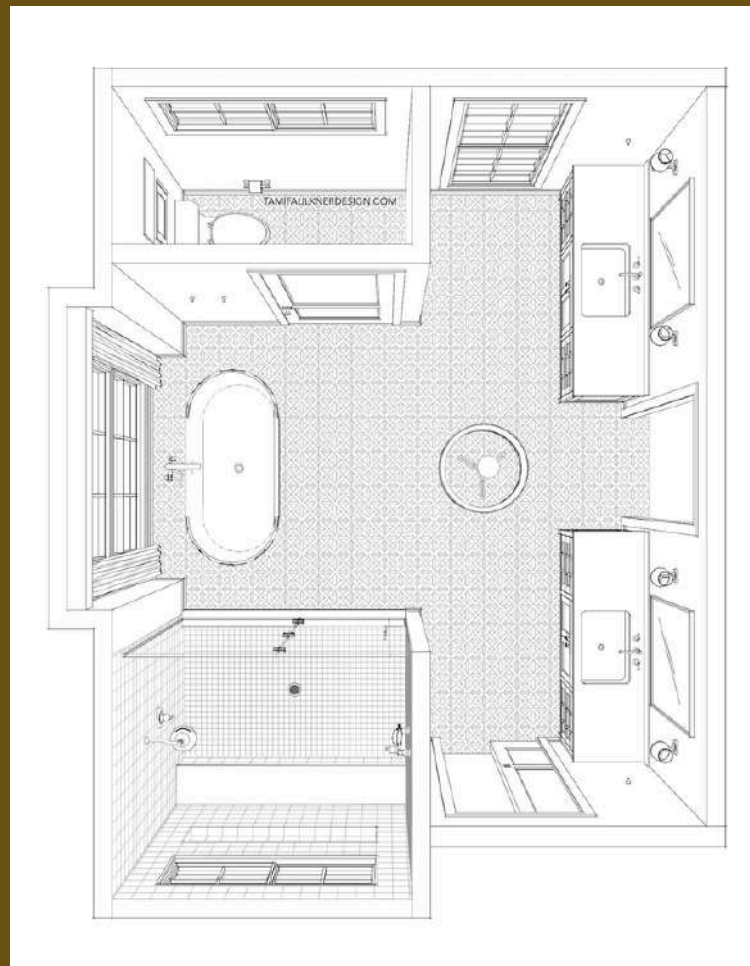

08 ACCESSIBLE BATHROOMS

User-friendly solutions for accessibility.

SANITARYWARE SOLUTIONS

01 UNDERSTAND DESIGN REQUIREMENTS

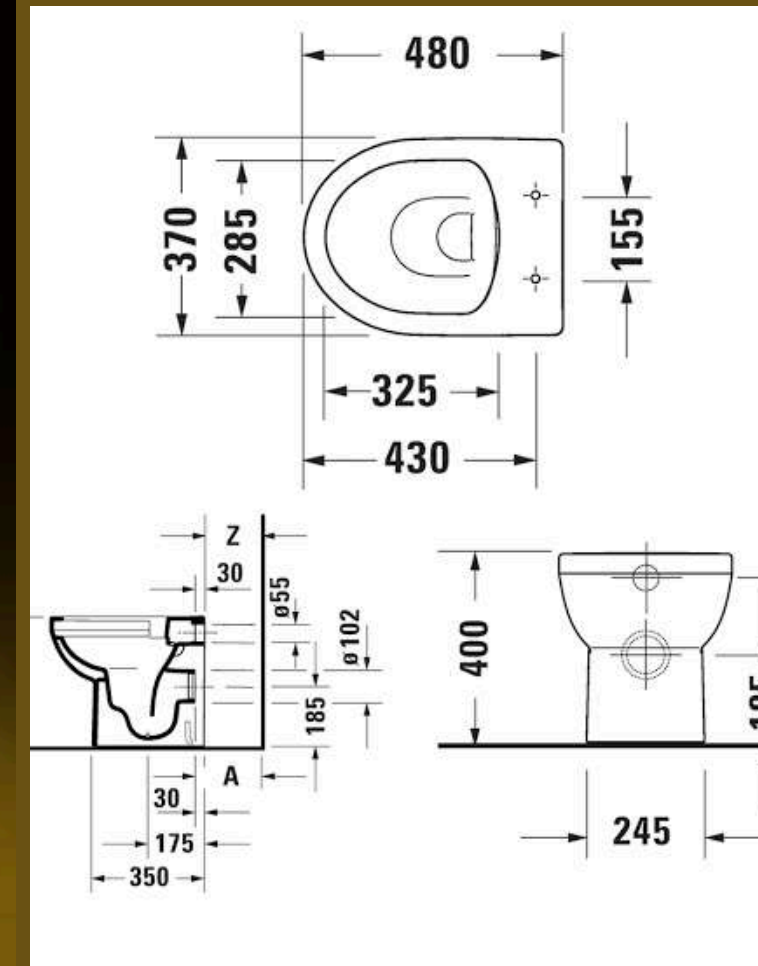

Identify the project style & aesthetic.

02 RECOMMEND SUITABLE PRODUCTS

Present sanitaryware options by design, function & budget.

03 DESIGN & TECHNICAL REQUIREMENTS

Ensure compatibility of finishes & dimensions.

04 PROVIDE EXPERT TECHNICAL GUIDANCE

PROVIDE EXPERT TECHNICAL GUIDANCE.

KEY HIGHLIGHTS

Quality Assurance

ISO 9001:2015-certified quality management

Wide Product Range

Solutions for construction applications from basement to roof

Technical Support

Support for end users, consultants, and contractors

Sustainable Solutions

Eco-friendly & LEED-compliant products for selected applications

PRODUCT RANGE

01 CONCRETE ADMIXTURES & ADDITIVES

Improve concrete workability, performance, and durability.

02 WATERPROOFING & DAMP-PROOF COATINGS

Protect structures against water penetration & moisture.

03 SURFACE TREATMENT PRODUCTS

Prepare, protect, and enhance construction surfaces.

04 FLOORS & TOPPINGS

Specialized solutions for durable wall & floor finishes.

PRODUCT RANGE

05 GROUTS & ANCHORS

High-performance grouting & structural anchoring.

06 TILE ADHESIVES & GROUTS

Reliable tile bonding & joint filling.

07 CONCRETE REPAIR MATERIALS

Restore & protect damaged or deteriorated concrete.

08 ADHESIVES & BONDING AGENTS

Enhanced adhesion between materials & substrates.

PRODUCT RANGE

09 PROTECTIVE COATINGS & SEALERS

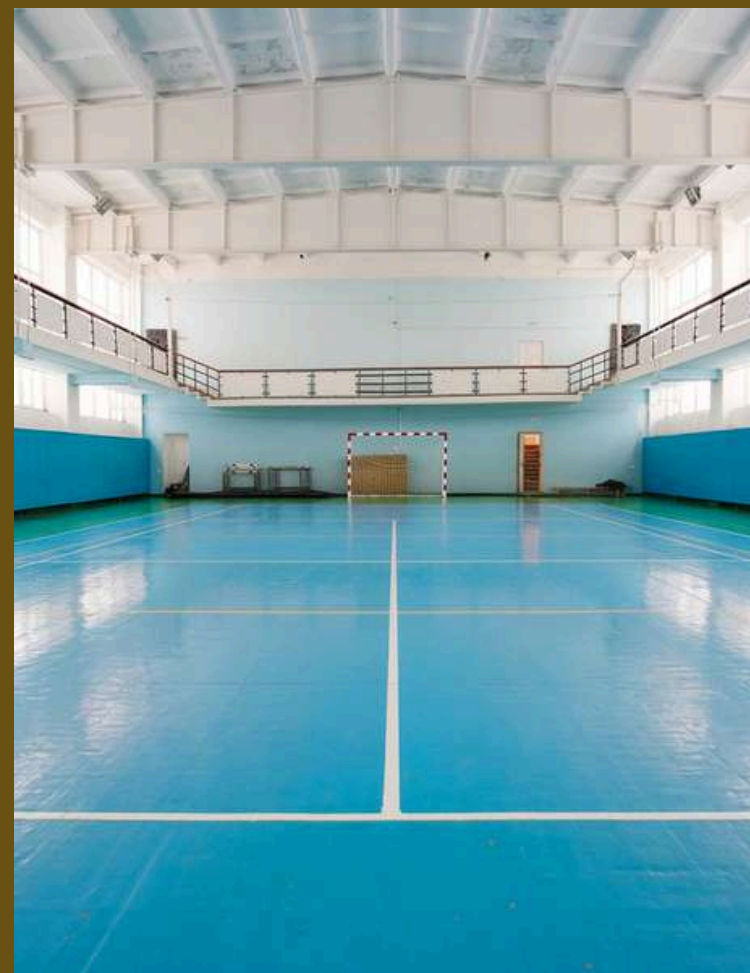

Protection from chemicals, abrasion & exposure.

10 JOINT SEALANTS & MOULDING COMPOUNDS

Seal joints for durable & flexible connections.

11 SPORTS FLOORING

Specialized flooring systems for sports & activity areas.

12 PLASTERING MORTARS

Cement-based solutions for smooth, durable surfaces.

SPECIAL BUILDING MATERIALS

AlJabor Trading provides specialized material solutions for construction, carpentry, fit-out, and interior applications, supporting projects with reliable products for diverse technical and design requirements.

Our Focus products

- Construction products
- Carpentry & fit-out
- Solid hardwood

OUR PRODUCT RANGE

01 CONSTRUCTION PRODUCTS

Materials for formwork, general construction, framing, & building applications.

02 CARPENTRY & FIT-OUT

Engineered boards and materials for furniture, joinery, and interior fit-out.

03 SOLID HARDWOOD

Natural wood species for premium furniture, doors, flooring, & decorative applications.

CONSTRUCTION PRODUCTS

Reliable material solutions for construction, formwork, framing, & general building applications.

Our Focus products

- Film Faced Marine Plywood
- Commercial Plywood
- White Wood
- Everest Cement Board

key applications

- Formwork & General Construction
- Framing, Walls & Partitions
- Ceilings & Wet Areas
- Exterior Cladding

CARPENTRY & FIT-OUT

Engineered board solutions for furniture, joinery, cabinetry, & interior fit-out applications.

Our Focus products

- MDF
- Plywood

Key Applications

- Furniture
- Cabinetry
- Joinery
- Wall Panelling
- Doors
- Interior Fit-Out

SOLID HARDWOOD

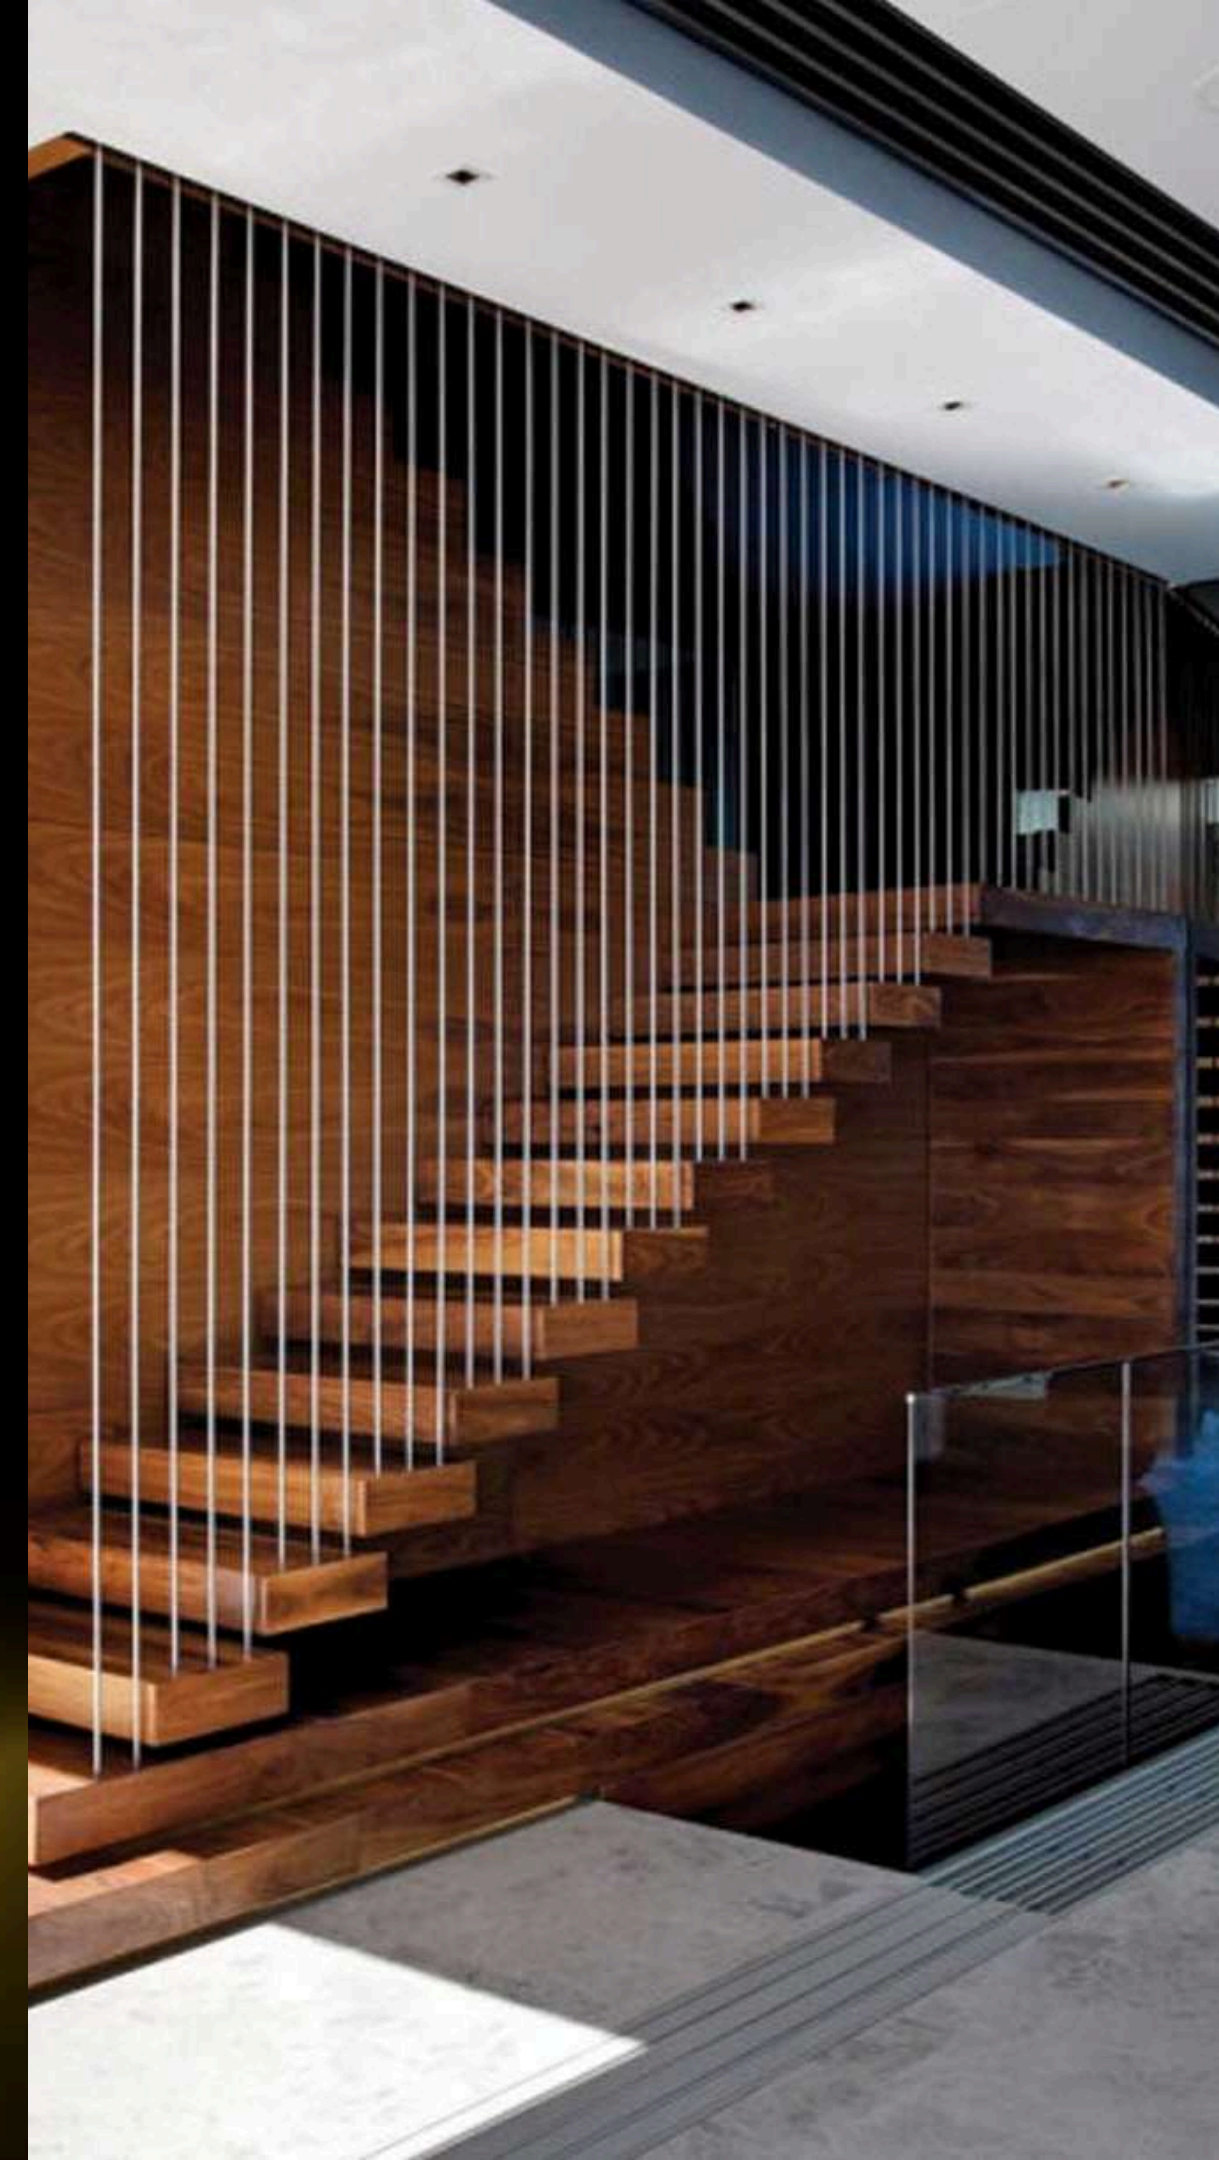

Natural hardwood species for premium furniture, doors, flooring, joinery, & decorative applications.

Our Focus products

- Malaysian Red Meranti
- African Iroko
- African Teak
- European Beech
- American Red Oak
- American White Oak
- American Walnut
- American Ash

Key Applications

- Flooring
- Staircases
- Doors
- Interior Joinery
- Furniture
- Cabinetry
- Wall Panelling
- Decorative Elements

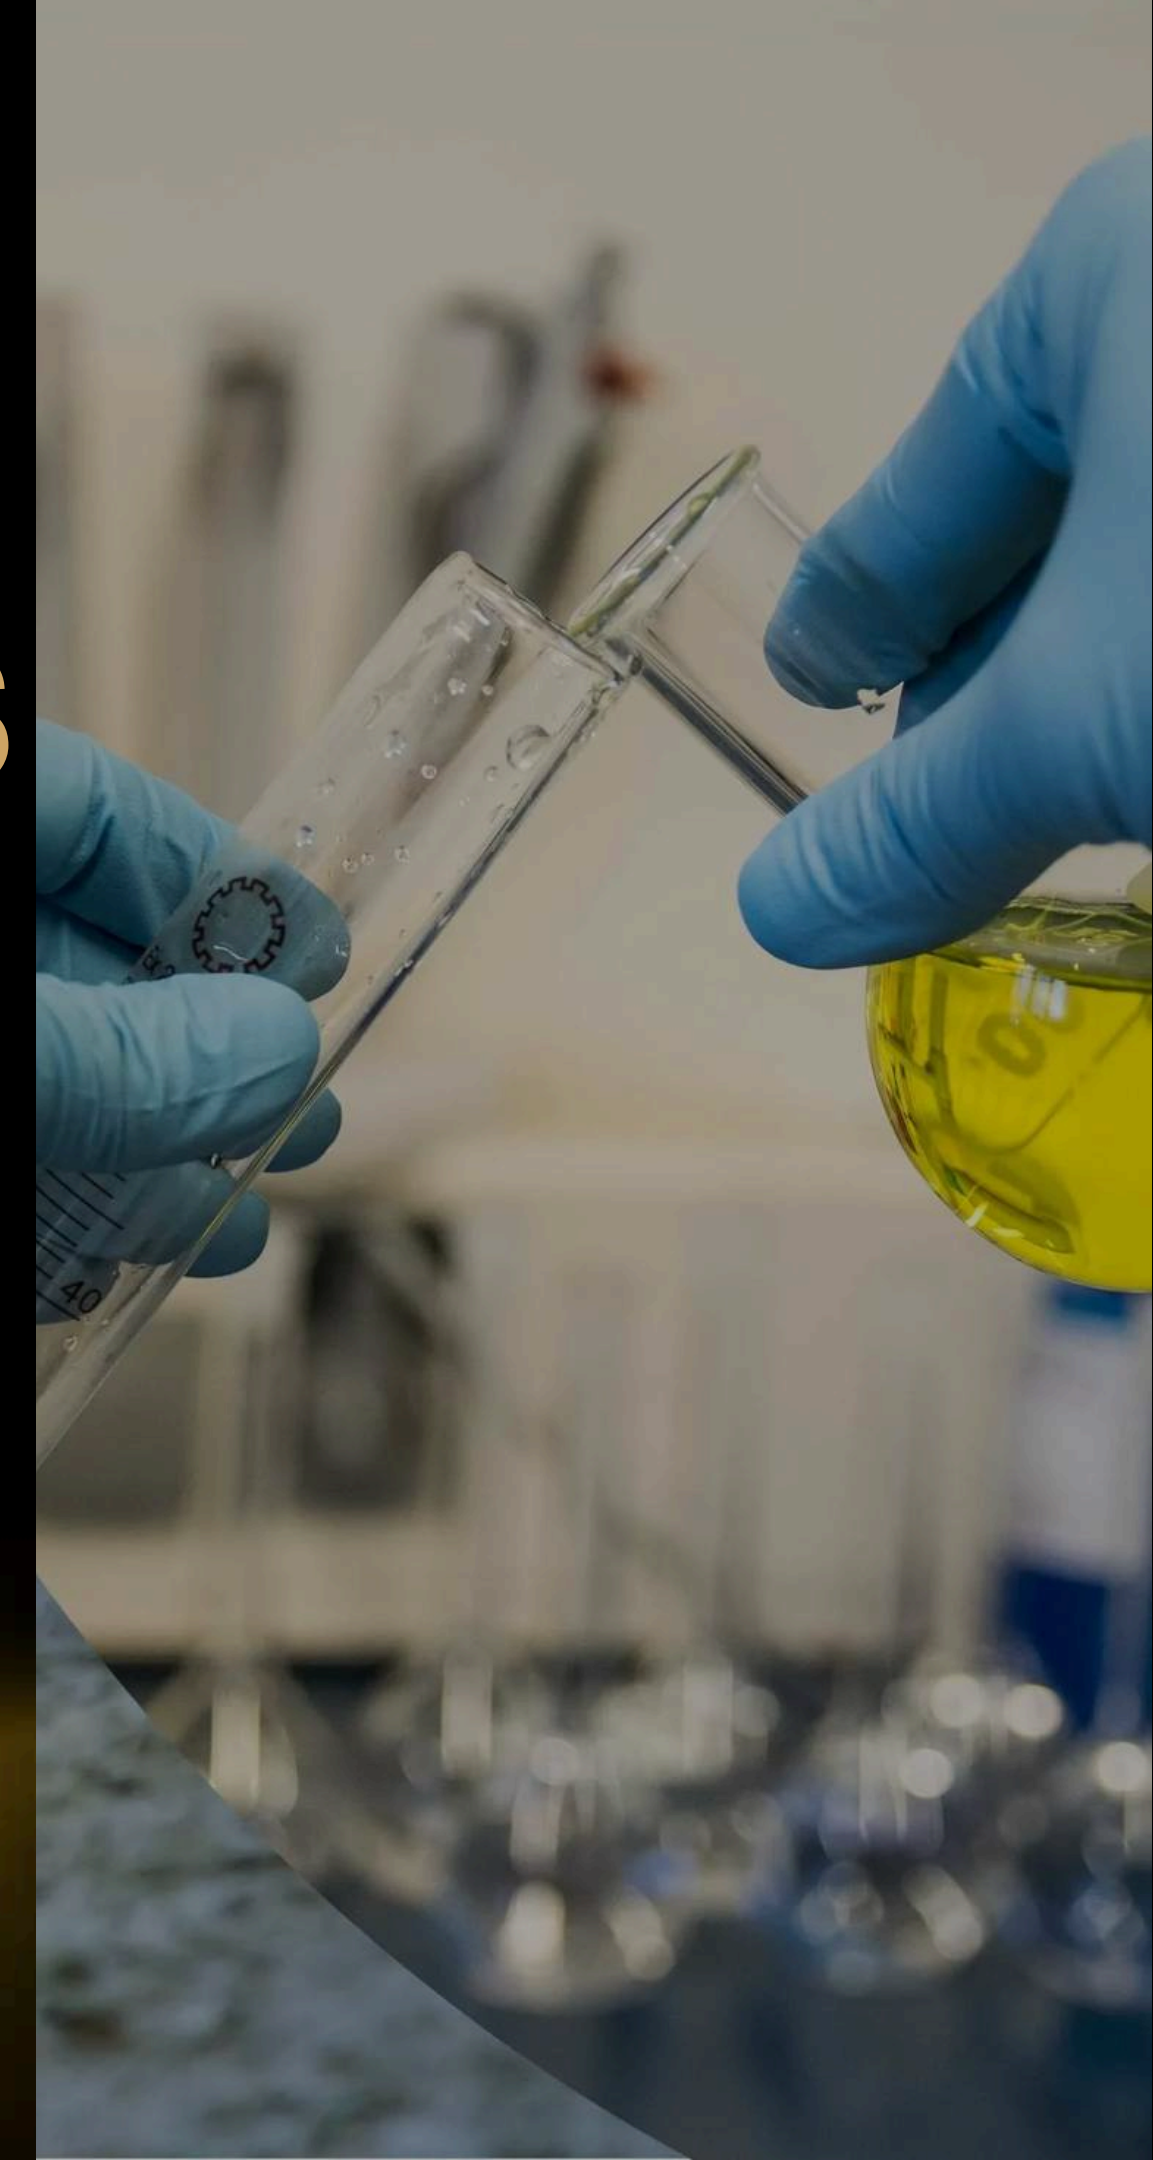

SPECIAL CONSTRUCTION CHEMICALS

AlJabor Trading provides specialized construction chemical solutions through established international brands, supporting projects with advanced flooring, waterproofing, protective coatings, and fire protection systems.

Key Focus

- Durability & Performance
- Building Protection
- Specialized Technical Solutions

RPM

STONCOR

OUR PARTNERS & BRANDS

 **TREMCO**

Flowcrete

Vandex®

Nullifire

 **carboline®**

TREMCO

BUILDING PROTECTION & SEALING SOLUTIONS

Tremco provides waterproofing and sealant solutions designed to protect building structures, joints, and building envelopes against water penetration and environmental exposure.

Key Applications

- Waterproofing systems
- Joint and construction sealants
- Building envelope protection
- Roofing and below-grade applications

Flowcrete

FLOWCRETE

HIGH-PERFORMANCE RESIN FLOORING

Flowcrete specializes in resin flooring systems designed for industrial, commercial, and specialized environments requiring durability, hygiene, and performance.

Key Applications

- Industrial resin flooring
- Decorative resin flooring
- Hygienic flooring systems
- Heavy-duty & chemical-resistant flooring

EUCLID CHEMICAL

CONCRETE PERFORMANCE & PROTECTION

Euclid Chemical provides specialized concrete and construction chemical solutions supporting concrete performance, repair, protection, and installation requirements.

Key Applications

- Concrete admixtures and additives
- Concrete repair materials
- Grouts and anchoring solutions
- Concrete sealers & protective treatments

VANDEX

CRYSTALLINE WATERPROOFING SYSTEM

Vandex specializes in crystalline waterproofing solutions that help protect concrete structures against water penetration through the formation of water-resistant crystalline barriers.

Key Applications

- Crystalline waterproofing
- Concrete protection
- Below-grade waterproofing
- Water-retaining structures

NULLIFIRE

PROTECTING STRUCTURES AGAINST FIRE

Nullifire provides passive fire protection systems designed to protect structural elements and building components, supporting fire resistance and compartmentation.

Key Applications

- Intumescent coatings for structural steel
- Firestopping systems
- Linear joint protection
- Fire-resistant construction details

CARBOLINE

ADVANCED PROTECTIVE COATINGS & FIREPROOFING

Carboline provides protective coating and fireproofing solutions designed to protect steel, concrete, and industrial structures against corrosion, fire, and demanding environmental conditions.

Key Applications

- Protective and anticorrosion coatings
- Industrial linings
- Structural fireproofing
- Chemical-resistant protection systems

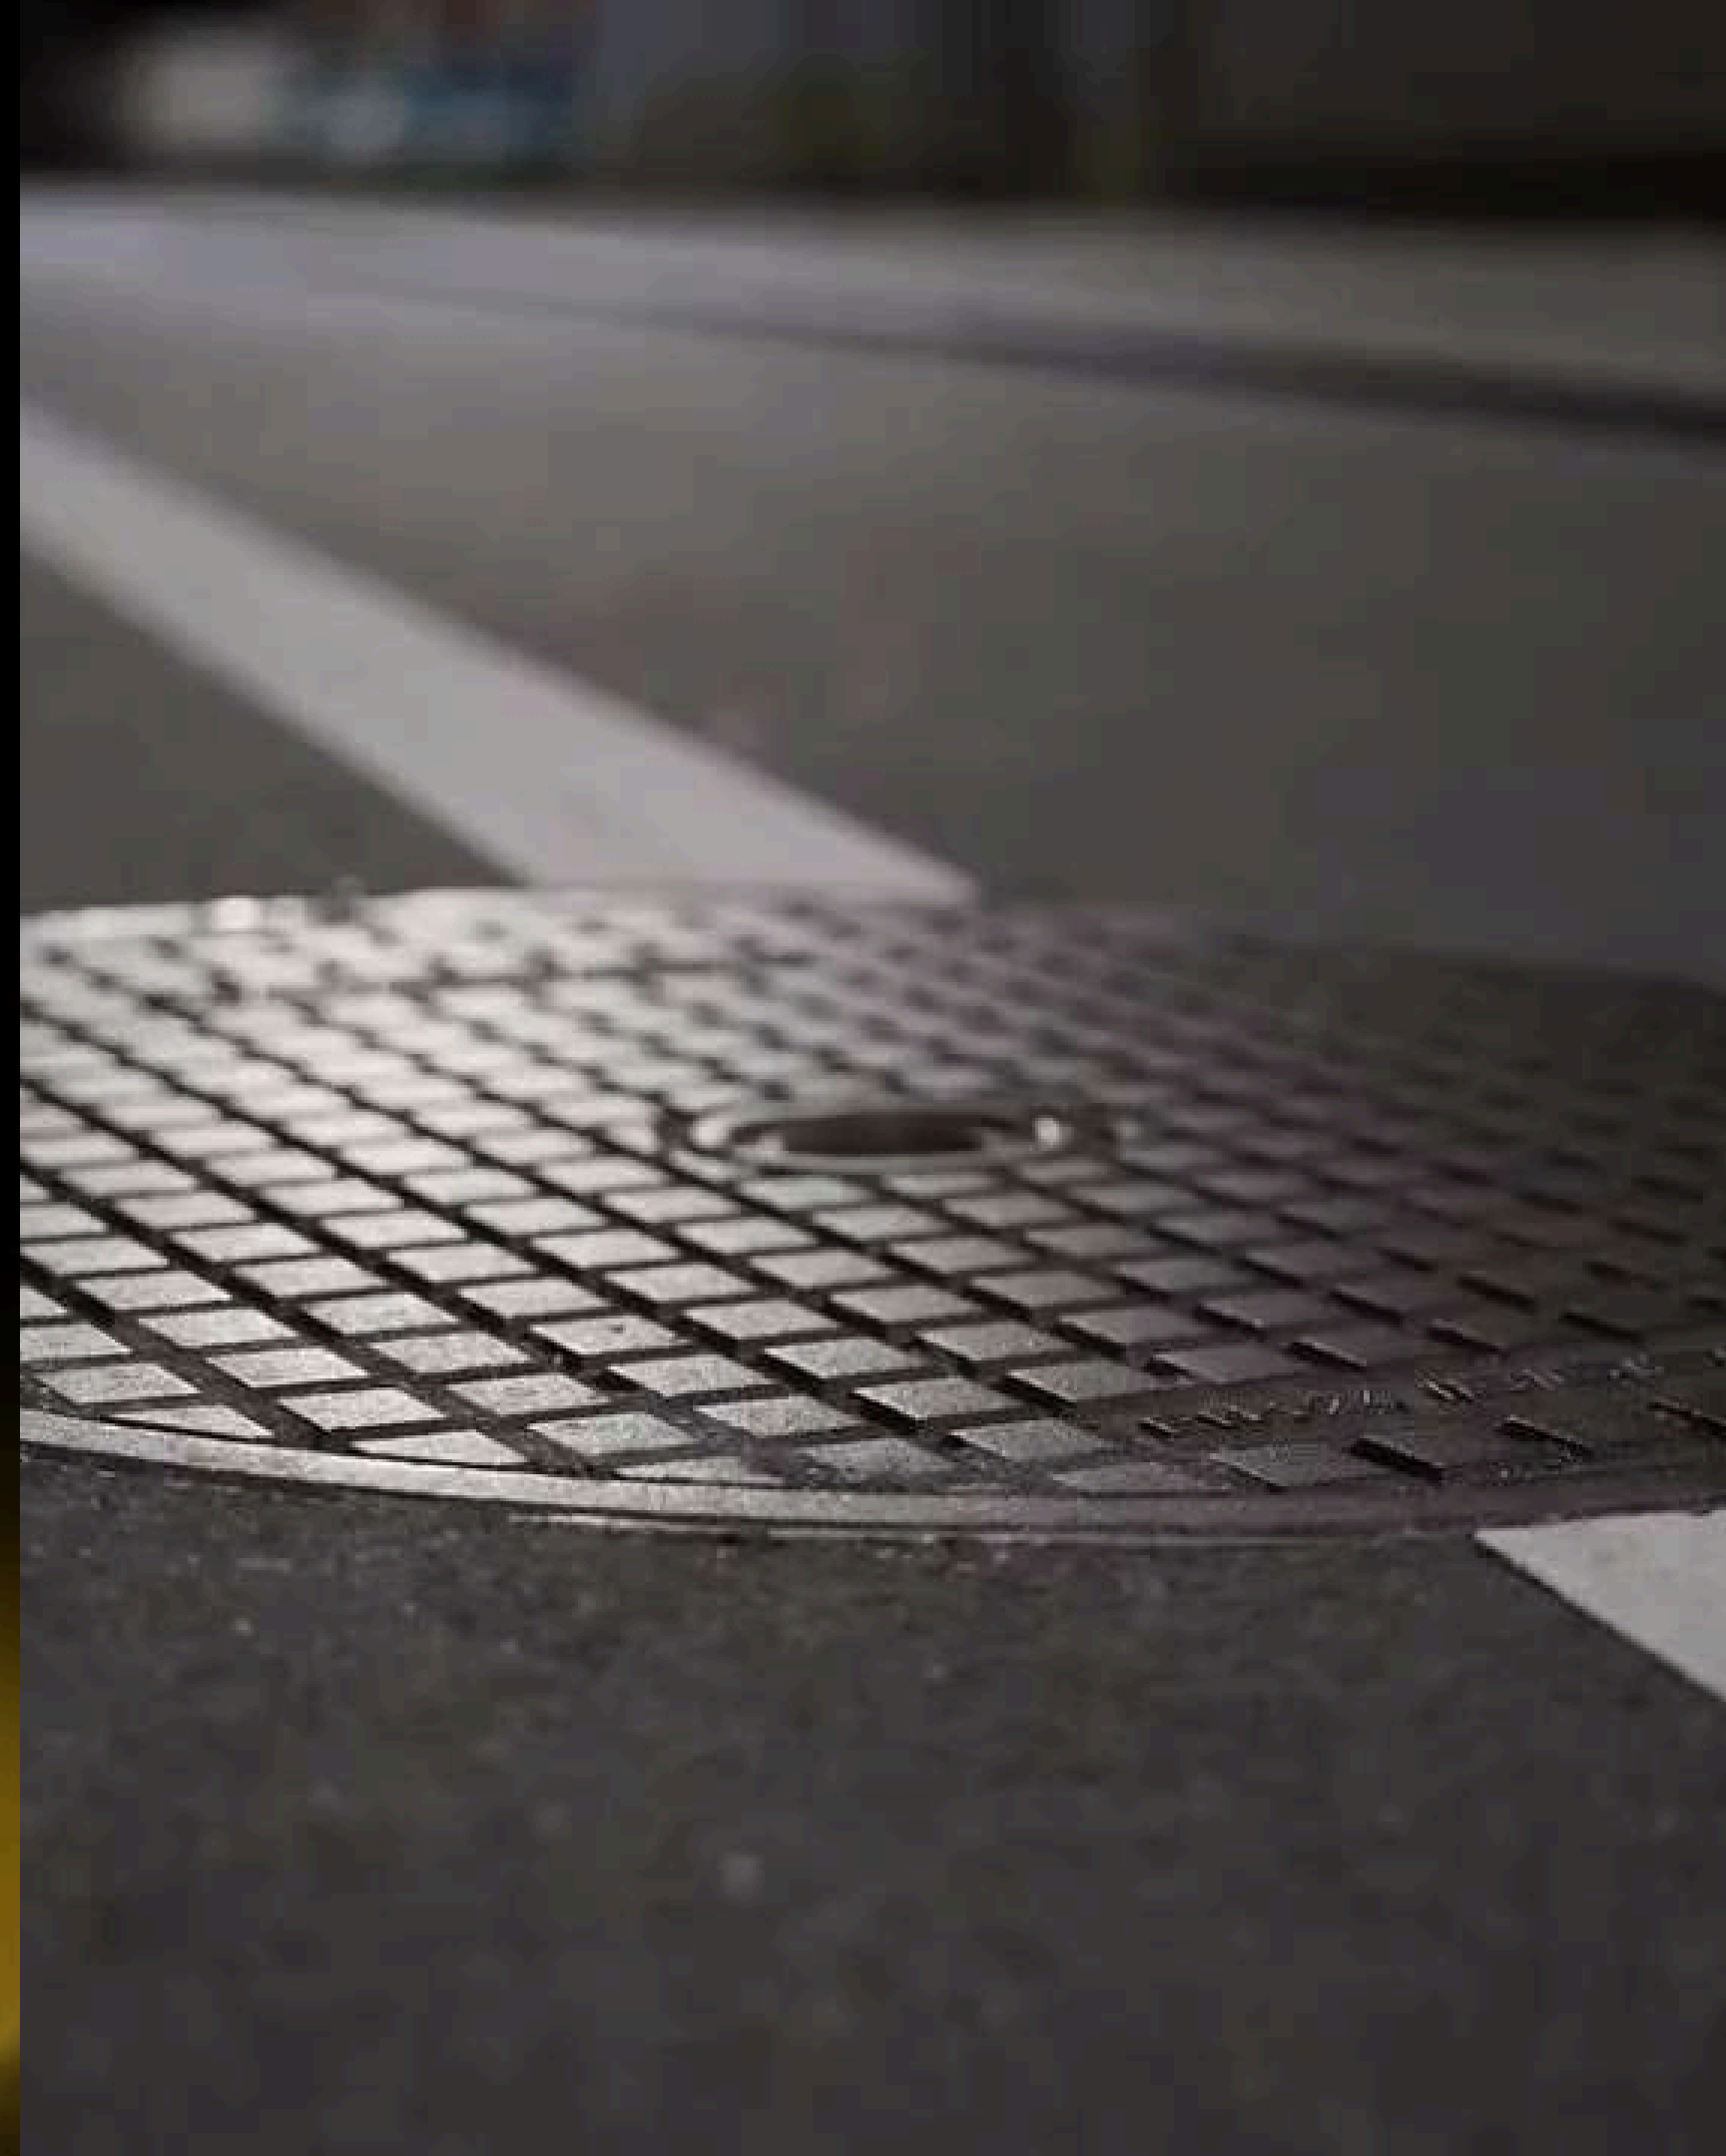

NJJ INTERNATIONAL

NJJ International provides specialized infrastructure and municipal solutions through crescent, supporting projects with durable ductile iron products for access, drainage, and utility applications.

Our Focus products

- Ductile Iron Manhole Covers & Frames
- Gully & Channel Gratings
- Recessed & Gatic Covers
- Telecom JRC Covers & Frames

OUR PARTNERS & BRANDS

BUILDING MATERIALS

AlJabor Trading provides specialized infrastructure and drainage products through established brands, supporting construction projects with durable and reliable solutions.

Our Focus products

- Gully Gratings
- Channel Gratings
- Circular Manhole Covers
- Solid Top Manhole Covers
- Gatic Covers
- Recessed Covers
- Telecom JRC Covers
- Gratings
- Drains
- Interceptors

OUR PARTNERS & BRANDS

PRODUCT RANGE

DUCTILE IRON GULLY GRATINGS

Efficient surface water collection & drainage.

DUCTILE IRON CHANNEL GRATINGS

Durable solutions for linear drainage.

DUCTILE IRON CIRCULAR MANHOLE COVERS & FRAMES

Heavy-duty access for underground utilities.

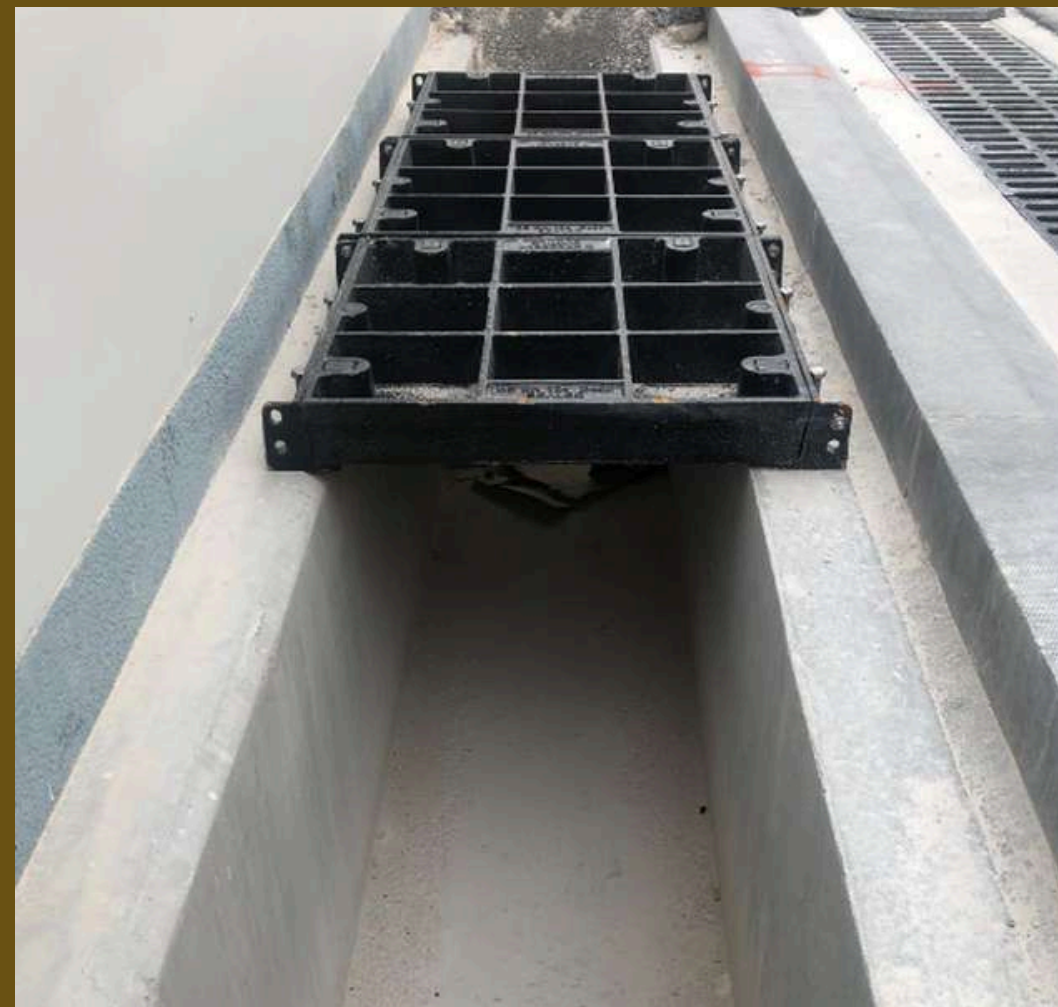

PRODUCT RANGE

DUCTILE IRON SOLID TOP MANHOLE COVERS & FRAMES

Robust access for high-load areas.

DUCTILE IRON GATIC COVERS & FRAMES

Heavy-duty access for infrastructure applications.

DUCTILE IRON RECESSED COVERS & FRAMES

Seamless access for paved surfaces.

PRODUCT RANGE

TELCOM JRC COVERS AND FRAME

Reliable access for telecom infrastructure.

WATTS GRATINGS & DRAINS

High-performance gratings and drainage systems.

WATTS INTERCEPTORS

Reliable solutions for grease, oil, and wastewater separation.

ALJABOR DEWATERING

COMPLETE DEWATERING SOLUTIONS

AlJabor Dewatering provides comprehensive dewatering solutions, including system design, equipment rental, installation, commissioning, repairs, maintenance, and technical support.

OUR PARTNERS & BRANDS

PUMPEX

MB[®]
Pumps

OUR SOLUTIONS & SERVICES

01 DEWATERING PUMP RENTALS

Dewatering Pump Rentals
Dewatering Hoses & Sedimentation Tanks

02 WELLPOINT DESIGN, INSTALLATION & COMMISSIONING

Wellpoint Design
Installation & Commissioning

03 PUMP REPAIRS & MAINTENANCE

Pump Repairs
Pump Maintenance

PRODUCT RANGE

01 DEWATERING PUMPS

Various Sizes: Pump solutions for different dewatering requirements.

02 SPARE PARTS

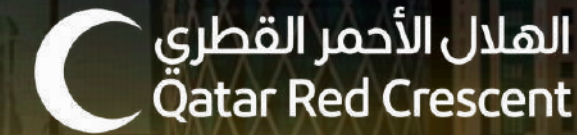

Spare parts for dewatering equipment.

03 HOSES & FITTINGS

Hoses & fittings for dewatering systems.
